4. WHAT DID YOU LIKE MOST ABOUT THIS INSTRUCTOR AND COURSE?									
* i liked the commonplace book assignment									
* Professor Mueller is always prompt in answering any question asked. He gives good examples to help clarify any confusion in an assignment or something mentioned in our text.									
* I like how accessible Dr. Mueller is to the students and how he interacts with weekly discussions himself.									
* I am enjoying every aspect of this class.									
* Always willing to answer any questions. He was also quick to respond									
* I really enjoyed how structured and organized his lesson plans were. I always know what is expected of me and when. That is much appreciated especially in an online class.									
* He is flexible with personal inconveniences to his schedule. He is understanding and fair. Derek provides thought provoking insight to the subject matter.									
* How quickly he responded to emails									
5. WHAT DID YOU DISLIKE MOST ABOUT THIS INSTRUCTOR AND COURSE?									

\* i will not be taking anymore online classes. there is no feeling of learning anything i couldn't have learned by reading the book for the class. why am i paying so much money for so little, oh yeah college credit. hooray for the current education system!

\* Actually, nothing. He is the best instructor I've had since returning to school. The work required is manageable and Professor Mueller paces assignments out to help the students meet the deadlines.

\* There is a lot of information up front with this course, it appears rather intimidating at first.

\* can't think of anything

\* Being online, which is no fault of the instructor. I just think that he is so insightful it would be more beneficial to take the course in person and have more one on one time with him.

\* Professor does not seem to show concern for personal problems. Rubrics for assignments seemed really precise and straight to the point but when assignments were graded it was the complete opposite

**6. WHAT CONSTRUCTIVE SUGGESTIONS DO YOU HAVE FOR THIS INSTRUCTOR OR COURSE?**

\* teach in a classroom

\* I would suggest to stagger the information at the beginning of the course. I also would suggest a different assignment other than the commonplace book as I have noticed it was a distraction and not assisting me in learning more about the topic.

\* none, sorry

\* More feedback on the common place book would have been more helpful. Most people have no idea what it is, so when we start working on it, it's nice to have a little more feedback.
